

### Setting a new number combination and opening/closing the VHS 623(H)

1) To open the lock for the first time, set the number combination 0-0-0-0-0. Press the shackle down, then open the lock.

2) Now set your own number combination (note: setting is only possible when the lock is open):  
 a. Insert the supplied reset key into the hole on the side and turn it 90 degrees.  
 b. Now set your own 4-digit number combination (please do not forget to make a note of your new number combination).  
 c. Remove the reset key.

3) Open the VHS 623(H) by entering your 4-digit number combination and pressing down on the handle.
